

# Modern Learning Rapid Upskill Workshop

Unlock the transformative potential of your school's learning environment.

Elevate Your Learning Space with the **Modern Learning Rapid Upskill Workshop**. This immersive, full-day, on-site experience, led by The Learning Future team, empowers educators to reimagine their spaces, embrace diverse teaching approaches, and build collaborative practices that energise both teaching and learning.

Guided by The Learning Future team, this workshop will help teachers align diverse pedagogies with the unique possibilities of the space.

Explore how spatial design can support high-agency learning, creating a dynamic, engaging environment for both students and teachers.

## INCLUSIONS:
